

Business Intelligence Online Resources

An Internet MiniGuide Annotated Link Compilation

By

Marcus P. Zillman, M.S., A.M.H.A.
Executive Director – Virtual Private Library
zillman@virtualprivatelibrary.com

This Internet MiniGuide Annotated Link Compilation is dedicated to the latest and most competent resources for business intelligence available over the Internet. With the constant addition of new and pertinent information coming online every second it is very easy to go into information overload. The true key then is to be able to find the important business intelligence resources and sites both in the visible and invisible world wide web. Each of the following selected business intelligence resources and sites have been described along with their current URL address to help you accomplish your business intelligence research goals! My complete link compilation of business intelligence resources is available online and is constantly updated at the following URL:

<http://www.BIResources.info/>

These resources are designed to aid you in your quest for knowledge discovery for business intelligence resources on the Internet. Suggestions and additional competent resources and sites are also welcomed and will be considered for inclusion in future updates.

1Jump® - Company Research & Business Information Tool

<http://www.1jump.com/>

With over 1,000,000 individually-selected companies worldwide, up to 29 types of business information on each company, 29 proprietary ways to pinpoint this information, and over a dozen Vertical Directories -- 1Jump is a powerful professional resource.

10k Wizard SEC Filings

<http://www.tenkwizard.com/>

10K Wizard developed a proprietary software to search through the myriad of information available to the public via the SEC's EDGAR (Electronic Data Gathering, Analysis and Retrieval) system. The results? Real-time access and the unique ability to perform keyword searches on up-to-the-minute SEC filings. Hailed as one of the web's best financial sites by the likes of Money Magazine, Fortune Magazine and Business Week, www.10Kwizard.com serves as the flagship site of their company and a shining example of their unique technology.

Academic Resources 2005

<http://AcademicResources.BlogSpot.com/>

A comprehensive Internet MiniGuide covering resources for articles, abstracts, documents, papers, reports, and literature. It is edited by the author of this annotated white paper and includes separate sections on Research Sources, Reference Sources, Search Engine Sources, and Directory and Database Sources.

Accoona - Super Target Your Search

<http://www.accoona.com/>

Accoona Artificial Intelligence now takes the Search Experience to the next level by merging information from both the Web and the Accoona Business Database in real time. For the first time on an Internet Search Platform, Accoona presents business website content and its relevant business data in a complementary format.

Accurint

<http://www.accurint.com/> Accurint® is a LexisNexis® service that brings data to life. Accurint provides information products that allow organizations to quickly and easily extract valuable knowledge from huge amounts of data. These innovative products are made possible by integrating powerful technology, tens of billions of data records on individuals and businesses, and proprietary data-linking methods.

Alexa Web Search

<http://www.Alexa.com/>

Alexa could not exist without the participation of the Alexa Toolbar community. Each member of the community, in addition to getting a useful tool, is giving back. Simply by using the toolbar each member contributes valuable information about the web, how it is

used, what is important and what is not. This information is returned to the community as Related Links, Traffic Rankings and more.

Annual Report Gallery

<http://www.reportgallery.com/>

This free service allows users to review an annual report in an easy and convenient manner. Boasting the most complete and up-to-date listings of annual reports on the internet, AnnualReports.com provides instant access to annual reports in their actual format in one single location. For business intelligence, corporate annual reports are one of the most important research tool available. Annual Reports enable researchers to stay up to date on a company's yearly outlook.

Audit Bureau of Circulation (ABC) eCirc Application

<http://abcas3.accessabc.com/ecirc/index.html>

eCirc is a quick, concise online source for ABC top-line circulation (based on the latest released FAS-FAX report) information. eCirc lets you sort and search summarized circulation data by Publication Title, State/Province, U.S. SRDS or Canadian CARD classifications.

Beige Book

<http://www.federalreserve.gov/FOMC/BeigeBook/2005/>

Each Federal Reserve Bank gathers anecdotal information on current economic conditions in its District through reports from Bank and Branch directors and interviews with key business contacts, economists, market experts, and other sources. The Beige Book, published eight times per year, summarizes this information by District and sector. An overall summary of the twelve district reports is prepared by a designated Federal Reserve Bank on a rotating basis.

Better Management - Business Intelligence

<http://snurl.com/2t7m>

Business intelligence (BI) uses knowledge management, data warehouse, data mining and business analysis to identify, track and improve key processes and data, as well as identify and monitor trends in corporate, competitor and market performance.

BizInfo Finder

<http://www.BizInfoFinder.com/>

CloserLook™ can find what Google and other crawlers and Meta search engines do not find about your customers and competitors! his specialized engine can aggregate information from a multitude of searchable databases on the Web with one click of the mouse. Over 75% of the information on the Web is hidden in databases that are not accessible through traditional search engines. Learn more about the invisible web.

BizMiner

<http://www.bizminer.com/>

The company pioneers online delivery of detailed industry analysis to small and large businesses and entrepreneurs through its local and national Marketing Plan Research Profiles, Financial Analysis Profiles, Area Sector Profiles, Target Market Area Scorecards Profiles, Franchise Profiles and Business Risk Index series. BizMiner's proprietary research methodology tracks and analyzes the experience of over 18 million US business facilities, condensing millions of data points into the unique measures found in our profile series.

BlogPulse - Automated Trend Discovery for Weblogs

<http://www.BlogPulse.com/>

BlogPulse is an automated trend discovery system for blogs. Blogs, a term that is short for weblogs, represent the fastest-growing medium of personal publishing and the newest method of individual expression and opinion on the Internet. BlogPulse applies machine-learning and natural-language processing techniques to discover trends in the highly dynamic world of blogs. BlogPulse is brought to you by Intelliseek.

BNET - Business White Papers, Webcasts and Case Studies

<http://bnet.com/>

BNET offers an extensive collection of both classic and current business white papers, case studies, webcasts and other interactive content created and categorized for decision makers at the Fortune 500 and the world's most successful small and medium-sized organizations.

Bots, Blogs and News Aggregators

<http://www.BotsBlogs.com/>

A comprehensive site covering the resources for bots, blogs and news aggregators on the Internet including white papers and a video presentation. These areas are considered by some to be the future methods of information retrieval and information dissemination on the world wide web.

Brint.com Business Technology Knowledge Portal

<http://www.brint.com/>

Developing leading edge thinking and practice on contemporary business, information, technology and knowledge management issues to facilitate organizational and individual performance, success, and fulfillment.

Business Filings Databases -- Updated

<http://www.llrx.com/columns/roundup29.htm>

All 50 states make some level of corporate and business filings available online. In a few instances only limited information (such as name availability) is retrievable. The majority of the states, however, use their Web presence to disseminate a range of public business

records -- and most of them offer access at no charge. This update reflects changes that have been made in the previously listed databases.

Business Information on the Internet

<http://www.rba.co.uk/sources/index.htm>

These links will take you to a selection of key business information sites on the Internet and this resource has been created by Karen Blakeman. Details of changes to the listings are announced in Karen Blakeman's blog.

BusinessIntelligence.com – The Resource For Business Intelligence

<http://www.BusinessIntelligence.com/> This site is part of the IT Network 365 that offers articles, news, media, research, papers, extracts, events, books, and exhibition business intelligence resources

Business Intelligence Network

<http://www.b-eye-network.com/>

The Business Intelligence Network™ delivers industry-based content hosted by domain experts and industry leaders. The Business Intelligence Network includes horizontal technology coverage from the most respected thought leaders in Business Intelligence, Business Performance Management, Data Warehousing and Data Quality. The Business Intelligence Network serves these communities with unparalleled industry coverage and resources.

Business Intelligence: White Papers, Webcasts and Product Information

http://www.bitpipe.com/data/rlist?t=987097376_65326874

A site offering white papers, webcasts and product information concerning all aspects of business intelligence.

Business Research Links

<http://business-research.info/business-research-links.htm>

A nice collection of business research links sponsored by the *Partnering Executives Association* and The Corporate Partnering Institute. Included are: Key Online Investigative Resources, Business Portals, Analysts Reports and Financial Market Info, Business magazines and Newspapers, International Trade, Business Databases, and General Reference.

Business Resources 2005

<http://BusinessResource.BlogSpot.com/>

A comprehensive Internet MiniGuide covering all aspects of business resources available on the global Internet. The author of this annotated white paper is the editor/author of this Internet MiniGuide.

Business Sources On the Net

<http://www.bl.uk/collections/business/bislinks.html>

These sites have been identified as containing information of value to business researchers. Selection of the sites has been based on usability and relevance. The listing is selective, not extensive - sites have also been chosen to complement the hard copy and electronic information held in The British Library's science, technology and business collections.

Business Wire

<http://home.businesswire.com/portal/site/home/index.jsp>

Business Wire is the leading source for full-text breaking news releases, multimedia and regulatory filings for companies and groups throughout the world.

CAROL Company Annual Reports Online

<http://www.carol.co.uk/>

CAROL is an on-line service offering direct links to the financial pages of listed companies in Europe and the USA. CAROL provides direct access to companies' balance sheets, profit & loss statements, financial highlights etc.

CEO Express

<http://www.ceoexpress.com/default.asp>

CEOExpress.com is designed to be the executive's interface to the Internet. The site's peer editor recognizes that executives have precious little time to obtain all the information they require to conduct business. At the same time, much of the information that executives need is available on the Internet. CEOExpress takes all that information, and by employing expert human editors and "mind ergonomics," pares it down to the 20% that is most critical and useful. That information is delivered to the user's desktop in a clear, easy-to-use format.

ChoicePoint Online

<http://www.choicepointonline.com/>

Using ChoicePoint Online's search capabilities, you can easily search more than 14 billion records on individuals and businesses. Whether you're locating a claimant or witness, identifying or verifying assets, investigating fraud, or in need of a public record searched at a courthouse, ChoicePoint Online can deliver the comprehensive information you need.

Company Information Guide - Company Research on the Web

<http://www.virtualchase.com/coinfo/index.htm>

A comprehensive guide created by the Genie Tyburski of the Virtual Chase offering resources and sites for conducting research on both public and private companies on the Internet.

Company Research Pathfinder from Rutgers University Libraries

<http://snurl.com/2th9>

This Research Guide provides assistance in doing research in a variety of business and management topics, with descriptions of databases and hundreds of reference books in the collections of the Rutgers University Libraries. Links to more than 3,000 selected business and management-related Internet resources are included.

Competia Express - Competitive Intelligence Resources

<http://snipurl.com/cbp9>

They have compiled lists of sites that they have found to be of the most value in your industry. These lists are far from exhaustive, but they should give you a superb head start.

Competitive Intelligence Resources 2005

<http://CompetitiveIntelligenceResources.BlogSpot.com/>

A comprehensive Internet MiniGuide link compilation of significant competitive intelligence resources and sites on the Internet authored and edited by the author of the annotated white paper.

CorpTech

<http://www.corptech.com/>

CorpTech provides the business information and profiles over 95,000+ private and public companies and their business units, as well as units of foreign companies, government labs, and non-profits. They cover a broad range of industries from pharmaceutical, medical, biotech to software companies for business leads and company research.

DataMonitor Business Intelligence

<http://www.datamonitor.com/>

Datamonitor plc is a premium business information company specializing in industry analysis. We help our clients, 5000 of the world's leading companies, to address complex strategic issues. Through our proprietary databases and wealth of expertise, we provide clients with unbiased expert analysis and in-depth forecasts for seven industry sectors: Automotive, Consumer Markets, Energy, Financial Services, Pharmaceuticals and Healthcare, Technology, Transport and Logistics.

Deep Web Research 2006

<http://zillman.blogspot.com/2006/01/llrx-january-2006-issue-deep-web.html>

An article outlining the various resources available for finding information in the deep and invisible world wide web authored by the author of this annotated white paper.

eco5.com - Financial and Economic Research Center

<http://www.eco5.com/>

Eco5.com is a free professional research platform for the financial and economic world. The concept of eco5.com bases on "adding value by selection". This is put into practice by carefully selecting free research resources and making these directly accessible via a simple menu structure, enabling our users to save research time and energy.

eCurrent Awareness Resources 2005 Business Intelligence Report

<http://www.eCurrentAwareness.com/>

A report listing the current awareness resources available on the Internet that will allow one to stay current in their profession, business and or special interest. With information overload the buzz it is now more important that ever before to create automated current awareness resources and this report list the very best available now on the Internet. This business intelligence report is authored by the author of this annotated white paper.

Edgar Scan

<http://edgarscan.pwcglobal.com/>

EdgarScan is an interface to the United States Securities and Exchange Commission Electronic Data Gathering, Analysis and Retrieval (SEC EDGAR) Filings. EdgarScan pulls filings from the SEC's servers and parses them automatically to find key financial tables and normalize financials to a common format that is comparable across companies. Using hyperlinks we can go directly to specific sections of the filing, including the financial statements, footnotes, extracted financial data and computed ratios.

EIN Finder

<http://www.freeerisa.com/Extras/EINFinder.asp?mode=SEARCH>

freeERISA.com EIN Finder - Users are now limited to three free searches. Simply type in the name of the company in the box. You can limit your search by state or zip code, if you wish. Use the pull down menu to choose the specific state you wish to search, or type up to 5 digits of the zip code you wish to search.

Executive Profiles Search Engine

<http://www.ziggs.com/>

The Ziggs Index of professional profiles was created to serve both the searcher and the professional being searched. Ziggs was developed to allow you to find accurate, up-to-date profiles on the professionals you seek, rather than outdated results on the wrong people. The Ziggs Index is the fastest-growing Index of online professional profiles. With more than 2,420,227 profiles, across nearly 44,293 companies, Ziggs continues to grow at an average of 10,000 new profiles every day.

Forbes People Tracker

<http://www.forbes.com/cms/template/peopletracker/index.jhtml>

Track over 120,000 executives and members of the Forbes rich and celebrity lists. Customize free email alerts: receive updates on an individual's title or compensation change, options exercised, or breaking news. Research public companies and executives with our in-depth, up-to-date people and company tear sheets. Get the latest news on people and companies in your tracker, including stories from Forbes.com and Forbes magazines.

FreshPatents

<http://www.freshpatents.com/>

The latest published US patent applications each week BEFORE the USPTO decision to grant/deny. Freely available innovative services like keyword monitoring, RSS feeds and browse by location. Learn about new ideas. New applications are published Monday. Dates listed are for the previous Thursday's official USPTO publication date.

Goliath: Company Profiles, News, Business Reference Information, Lead Generation, Business Contacts

<http://goliath.ecnext.com/>

Goliath connects you to a wealth of business information, including business and industry news and detailed profiles of public and private companies worldwide. Goliath's content is logically organized and linked to maximize your search experience -- targeted search modules help you research competitors, create lead lists, find partners and suppliers, or research your industry.
